

Terrisca R. Des Jardins

Director

Education

Master of Health Services Administration, School of Public Health, Department of Health Management and Policy, University of Michigan, Ann Arbor, Michigan, 2000

Bachelor of Political Theory and International Relations, Honors Program, James Madison College, Michigan State University, East Lansing, Michigan, 1996

Professional experience

Executive Director, Center for Health and Research Transformation, University of Michigan, Ann Arbor, MI

- Lead CHRT's vision, strategy, and advancement effort to build on the organization's legacy of inspiring and enabling evidence-informed policies and practices that improve the health of people and communities.

Administrator then Chief Operating Officer, Physician Organization of Michigan Accountable Care Organization (POM ACO), University of Michigan, Ann Arbor, MI (2016 – 2020)

- Led operations and strategy for ACO with contracted and employed staff, 4,400 providers, 50,000 Medicare beneficiaries and \$500 million dollars in associated health care spend.
- Led complete overhaul of ACO. Achieved nearly \$135 million in savings to federal government, \$50 million in shared savings to ACO in 2017-2019. Improved quality of care (overall score 94%) and created meaningful, nationally-recognized, engagement opportunities for Medicare beneficiaries.
- Led organizational transition to new model with federal government, including facilitation of comprehensive strategic planning process and launch of ACO Learning Health System.
- Led initiative for "first of its kind," cross-hospital/geography alignment of community benefit opportunities across Michigan Medicine affiliates, with a focus on social isolation and loneliness.

Independent Consultant (2013 – 2018)

- Provided consulting services, direction of initiatives, strategic guidance, expert content knowledge, and fund development to clients, including: Washington DC-based Academy Health, the Greater Detroit Area Health Council (GDAH), the Michigan Health Information Network and the Southeastern Michigan Health Association, among others.
- Directed the GDAH Centers for Medicare and Medicaid Services Qualified Entity Initiative to build a data repository, public campaign and website to provide Michigan consumers with multi-payer performance information on provider health care quality, outcomes, cost and patient experience.
- Directed a multi-stakeholder team to create the framework and secured funding for one of seven national American Board of Internal Medicine Choosing Wisely initiatives, building processes and messaging to discourage provider and consumer overuse of certain health care services.
- Subject matter expert to one of five national lead communities providing expert guidance to other peer communities across the country on how to leverage data to promote population health.

- Provided direction for Michigan’s Practice Transformation Network strategy development.
- Consultant to a “first of its kind” initiative leveraging non-profit health system and banking industry obligations to support health, well-being in underserved communities. Directed multi-stakeholder team in developing Detroit’s Accountable Health Community strategy and implementation plan.
- Directed multi-stakeholder team to create a framework and secured funding for a Centers for Disease Control and Prevention Chronic Disease Coordinating Network in Macomb County.
- Provided expert consultation to and secured funding for the medical officers and executive leadership of eight public health jurisdictions in southeast Michigan to better leverage and sustain immunization-related work in urban communities through cross department collaboration.
- Secured over \$2.5 million in funding for new initiatives in less than one year.

Director, Southeastern Michigan Health Association, Southeast Michigan Beacon Community, Detroit, MI (2011 – 2013)

- Directed \$16.2 million U.S. Department of Health and Human Services, Detroit-based pilot initiative. Collaborated with 16 fellow “Beacon Communities” across U.S. Reported to local executive board comprised of key industry stakeholders. Liaison to local, state and federal government.
- Launched organization, contracts and budget, cultivated trusted governance structure, hired and managed full-time staff and contractors, led development and launch of strategically-integrated interventions, evaluated and continually iterated, all within a three-year pilot period.
- Led 40 staff members and contractors and hundreds of stakeholders across all domains of work. Domains focused on health care delivery transformation, improving population health management, patient engagement, health and health care disparities, and technology-enabling interventions, among others. Led local launch of “Fighting D in the D,” a year-long diabetes prevention pilot initiative, with United States Surgeon General in February, 2012.
- Met or exceeded all but one goal for high impact measures, including health care process, quality of care, patient health outcome, patient quality of life and utilization measures. Created data collection plan and oversaw data collection activities

Vice President of Strategic Alliances, United Physicians, INC., Bingham Farms, MI (2010 – 2011)

Director then Vice President of Strategic Relationships and Initiatives, MY1HIE (Health information Exchange, owned by United Physicians, now referred to as Ingenium), Bingham Farms, MI (2009 – 2011)

- Assumed dual VP roles to leverage established health information technology/exchange toward building a more integrated, higher performing provider network. Directed team, strategic and tactical activities to launch a multi-organization Organized System of Care (now commonly referred to as an Accountable Care Organization) to better manage population-level care and health.
- In VP role for United Physicians, provided leadership and direction for multiple departments, including UP’s physician-hospital relations, and marketing and communications.
- In VP role for MY1HIE, provided leadership for strategy development, directed special project teams, and led partnership and governance development. Served on planning and training committees
- Work led to numerous local, state and national business partnerships. Recognized by the Governor-appointed State of Michigan Health Information Technology Commission with the Organizational Leadership Award.

Secured sub-state health information exchange/qualified organization status from Michigan Health Information Network, Michigan's state-level health information exchange effort.

Senior Project Manager then Director, Greater Detroit Area Health Council, Save Lives Save Dollars, Detroit, MI (2007 – 2009)

- Secured funding and directed the Robert Wood Johnson Foundation Aligning Forces for Quality initiative and team working on disparities and equity in health care in southeast Michigan. Secured and directed the Chartered Value Exchange (one of the first in the country) in Michigan from U.S. Department of Health and Human Services.
- Directed the development of Michigan's first ever (and one of the first in the country) multi-payer, physician performance measurement and public report for consumer use.
- Directed multi-stakeholder initiative and teams around payment reform, health care performance measurement, health and health care disparities, quality improvement, cost reduction and evaluation. Work led to more than \$45 million in savings in health care costs in southeast Michigan, and multiple improvements in health care quality.

Independent Consultant (2001 – 2007)

- Secured client work, directed initiatives and teams for local and national organizations, for example: developed, authored, and implemented system-wide policies, procedures, and innovative programming.
- Consultant to a national project on making the business case for culturally and linguistically appropriate health care service offerings.
- Directed team and initiative to secure funding for non-profit to study whether Michigan health care costs are higher when compared to other benchmark states.

Michigan Lead to Southeast Michigan Partners Project (2001 – 2006)

- Served as Michigan lead to nationally recognized Partners Project initiative funded through a cooperative agreement by the U.S. Centers for Disease Control and Prevention. Formed to bring together insurers, employers, public health and other stakeholders to promote preventive health care services with an emphasis on adult vaccination initiatives. Work led to significant quality improvement in health care settings across Michigan and the country, and federal policy change on standing orders for vaccine administration. Initiative was awarded the 2004 National Partnership for Immunization Non-Traditional Partner Award.

Senior Consultant, Health Management Associates, INC., Lansing, MI (1997 – 2001)

- Secured managed care clients and provided consultation to managed care organizations (MCOs) in developing, re-engineering and launching Medicaid product lines and managed care companies. Led market assessments. Directed staff and organizational development across all operational departments for purpose of launching multiple MCOs. Led MCO-state contracting efforts for multiple plans. For example, directed operations set-up, organization launch and contracting with the Michigan Department of Community Health (now MDHHS) for Molina Healthcare and provided consultation to Molina on entry into markets in multiple states. Molina Healthcare is now a publicly-traded, Fortune 500 company.
- Co-directed effort for Tri-State Coalition of Governors of Maine, New Hampshire and Vermont to pool publicly-funded program beneficiaries and uninsured individuals together to bid out pharmacy benefit management services. Effort was duplicated in other states across the country leading to hundreds of millions of dollars in cost savings.

- Secured funding, co-directed a review, and co-authored a publication on best practices in Medicaid managed care and primary care case management programs for the Center for Health Care Strategies, funded by the Robert Wood Johnson Foundation.
- Secured funding and directed a Medicaid benefits review process for the State of New Mexico Health Policy Commission to better allocate health services for indigent populations.
- Responsible for identifying potential business opportunities, writing proposals, managing projects, and budget development and management.

Consultant, Health Management Associates, INC., Lansing, MI (1993 – 1997)

- Project support and facilitation for multiple Michigan-based clients while working on undergraduate degree and managed care program certificate.

Fellowship and Instructor Positions

- Lecturer, School of Public Health, University of Michigan, Ann Arbor, MI (2018 - present)
- Fellow, The Leapfrog Group, Washington, DC (January – December 2017)
- Lecturer, Oakland University, Rochester, MI (2009 – 2011)

Awards and Recognitions

- Crain's Detroit Business, Notable Women in Health Care, 2020.
- Selected for and completed the Michigan Medicine Leadership Academy, 2019.
- Crain's Detroit Business, 40 Under 40, 2013.
- United States Surgeon General's Certificate of Appreciation, 2012.
- Michigan Innovations in Health Care Award, 2012.
